Dear Sir/Madam,

I was excited to learn about your job announcement of front-end developer. I would like to apply for this position, and I believed I rightly match to your requirement for this position. I have enclosed my curriculum vitae for your further attention.

I have second year Degree in Web Development at Passerelles Numeriques Cambodia (PNC). The main reasons that I decided to apply to the web developer for the front-end position were: First, the main activities were related to my studies but also to my many on project experience at Passerelles Numeriques Cambodia (PNC). I studied at PNC for 2 years as a back-end and front-end web developer, which helped me greatly improve this skill. For example, I did a big project at PNC related to Visual Company on Project (PHP, databases, JavaScript, bootstrap, GitHub).

With above qualification, I am highly competent in Front-end developer, back-end developer, designs is moderate. In I am honest, friendly, Responsible, solve problems when errors occur sustainably, share with people around me, hard-working with ability to meet deadline and learn new things quickly.

Lastly, this job is my dream job which I always keep looking for the opportunity to work in this position. I really hope to be a part of this wonderful project which is really a good impact to my community and the partner countries

Sincerely,

KHLORP VEAK
